

FINADET S/1

Multipurpose cleaner-concentrate

APPLICATIONS

- **FINADET S/1** is a concentrate for the effective cleaning of all waterresistant surfaces, like metal, plastics or ceramics.
- Very good results by wet-cleaning of floors and coated materials.
- The surfaces must only be dried but not cleaned again with fresh water.
- The cleaning potential can be pushed by using warm or hot water.

- Recommended dilution:* → 1 : 300

* best concentration depends on the contamination

ADVANTAGES

- Free of any solvents and phosphates.
- Only low concentrations needed.
- No ionic tensides.
- Good skinprotection.
- Corresponds to the detergent law.
